Dear Selection Committee:

Dedicated, sincere, intelligent, respectful: these words are among those which best describe Mason Peterson. I have known Mason for three years as one of his high school administrators; it is an honor to write this letter on his behalf.

Over the three years that I have worked with Mason, I have found him to be a very focused young man. When I first met Mason, I was immediately impressed by his sincerity and his respect for the adults in his life. He truly respects his parents, teachers and other important adults in his life. He has used this as a guide for which to follow and has fashioned his dreams out of this.

Academically, Mason has taken a very strong college preparatory course load. His 3.732 cumulative GPA is very indicative of his academic ability. Mason's motivation and desire to excel are evident by how he has continually pushed himself and has taken a full academic schedule every semester of high school.

It is very obvious to me that Mason has many talents. Not only has he taken a strong college preparatory program of study, he is also very successful in many school activities. Mason has been a three-year member of the high school baseball team, two at the varsity level. This year he was named first team All-Conference and Northern Conference Player of the Year. Not only does he play baseball for the high school team, Mason also plays club hockey. This is very demanding on his time due to restricted hours of ice time. He manages to give 100% to everything he does.

Mason has a strong character and is very demanding of himself. Mason does make time for work and volunteer activities outside of the school day. Mason has volunteered for Crayons for Calculators for two years. This organization collects school supplies for low-income students. He has also volunteered at many baseball camps for younger athletes and volunteer coached for a 12 year old baseball team.

I am very fortunate to know Mason Peterson – he is truly an inspiration and a pleasure to know. I wholeheartedly recommend Mason for this opportunity. I believe that he will be a very successful college student and that he will put the scholarship to very good use.

Sincerely,

Andrea McBreen
Assistant Principal
